PROFESSIONAL SUMMARY

B.Tech Information Technology student with a strong foundation in Python and SQL and a focus on Data Analytics and AI/ML. Hands-on experience in exploratory data analysis, machine learning, Power BI dashboards, and full-stack web development through internships and projects. Seeking internship and entry-level opportunities in data analytics, AI/ML, and software development.

TECHNICAL SKILLS

Programming: Python, SQL, HTML, CSS
Data / AI: Data Analytics, Machine Learning, Exploratory Data Analysis, Generative AI, Scikit-learn
Web Development: JavaScript, React.js, Node.js, REST APIs
Databases: MySQL, MongoDB
Tools: Power BI, Microsoft Excel, VS Code, Figma, Canva, FlutterFlow
Soft Skills: Problem-solving, Teamwork, Communication

INTERNSHIPS

Data Analytics and Science Intern | ByteXL Nov 2025 – Dec 2025

- Performed exploratory data analysis (EDA) to understand data patterns and prepare datasets for modeling.
- Developed and evaluated machine learning models using Scikit-learn.
- Created interactive Power BI dashboards to visualize data and generate actionable business insights.

Full Stack Development Intern | Thiranex Jun 2026 – Jul 2026

- Built end-to-end web applications, including a Portfolio Website, Task Management App, E-Commerce Website, and Blog Platform.
- Developed front-end and back-end functionality using HTML, CSS, JavaScript, React.js, Node.js, and REST APIs.
- Worked with MySQL and MongoDB for application data storage.
- Strengthened debugging and problem-solving skills through hands-on project delivery.

PROJECTS

AI-Dataset Cleaner

- Developed an AI-powered application to preprocess datasets and improve data quality.
- Implemented automated missing value treatment, duplicate removal, outlier detection, and data normalization.
- Integrated validation and data visualization features to support real-world data analysis workflows.
- Structured the application with a clean UI and modular, maintainable code architecture.

Personalized Nutrition Meal Planner | Python, Streamlit, Generative AI

- Built an AI-powered meal planning application that generates personalized meal recommendations.
- Accepted user inputs including age, dietary preferences, dietary restrictions, and health goals.
- Integrated Generative AI to tailor recommendations to each user’s requirements.
- Developed an interactive Streamlit interface that makes meal planning simple and accessible.

Personal Portfolio Website

- Designed and developed a responsive portfolio website to showcase projects, skills, and experience.
- Applied clean UI/UX principles to present technical and professional details clearly.
- Deployed using modern web tooling for fast performance and accessibility.

EDUCATION

B.Tech in Information Technology | SNS College of Technology 2023 – 2027
CGPA: 8.61

Higher Secondary Certificate (HSC) | Sethu Irani Matric Higher Secondary School 2023
Percentage: 83%

CERTIFICATIONS

- Microsoft Azure AI-900 | Microsoft | 2025
- Azure Data Fundamentals | Microsoft
